Aim High, Work Hard, Have Fun and Care for Others

22nd May 2024

Dear Parent/Carers

I am writing to inform you that, after careful consideration and extensive discussion, our Governing Body have decided to explore the option of converting our school into an Academy. We have submitted an application to the Department of Education and whilst an application does not guarantee conversion, we hope that it will be successful. We believe that this transition will bring numerous benefits to our children, staff and the entire school community.

We are looking to form a small Trust with the opportunity to grow and develop over time as an ethical family of schools. This is an amazing opportunity for our school community to work alongside other schools who share the same values and vision, learning and collaborating with one another.

I am delighted to share the founder schools who we will be working alongside:

Chadsgrove School - Headteacher – Deb Rattley

Meadows First School – Headteacher – Leigh Satchwell

Stoke Prior First School – Headteacher – Alison Paisley

Alvechurch CofE Middle School – Headteacher – David Snell

What is an Academy?

An Academy is an independently managed and publicly funded school that operates outside of Local Authority control. The change in status will grant us more autonomy and flexibility in shaping the educational experience we provide to our children.

Why are we making this change?

The decision to become an Academy was not taken lightly. We believe it offers several advantages that will ultimately enhance the education and opportunities we can provide to our children.

1. Curriculum Freedom: As an Academy, we will have more freedom to design and adapt our Fairfield Curriculum to meet the specific needs and aspirations of our children.
2. Enhanced Resources: We will have greater purchasing power, allowing us to allocate resources more efficiently to continue to improve teaching and learning.

3. Staff Development: Our dedicated staff team will have increased opportunities for professional development, ensuring they are equipped with the latest teaching techniques and tools, and have the opportunity to work with a wider pool of professionals.
4. Community Engagement: We will continue to work closely with our families and the local community to ensure that the Academy reflects the values and priorities of the families we work with. We will also look to further develop our school as a real hub of our community.
5. Educational Excellence: Our primary focus remains on continuing to provide an outstanding, inclusive education with high expectations of excellent outcomes for all our children.

What changes can you expect?

The day to day experiences of our children and families will remain largely the same. Our commitment to providing a safe, nurturing, and stimulating environment for your children remains unwavering. There may be some administrative changes, but we will keep you informed every step of the way.

Our commitment to you

The welfare and success of your children obviously remains our top priority. We are dedicated to ensuring the conversion to an Academy, should we be approved, is a seamless and positive experience for everyone involved. We value your input and look forward to working together to make this transition a success.

We understand that change can be challenging, but we are confident that this decision will enable us to provide even better education for your children, than the currently outstanding provision.

Thank you for your continued support. If you have any immediate questions or concerns, we would welcome your feedback and will look to hold an open meeting with yourselves and all the schools involved early in the Autumn Term.

This is an exciting venture for Fairfield and one that we are really looking forward to sharing with you.

Yours sincerely

Scott Smith
Headteacher
